

**2012-13 DEPENDENCY STATUS WORKSHEET**

This worksheet is to help you determine if you meet the criteria to be classified as NU-Independent by Northwestern University for purposes of receiving School and University funds (e.g., grants, scholarships, and need-based University Loans). You will be classified as NU-Dependent unless you meet the criteria listed below. Your dependency status does not change after you have matriculated, even if you get married or your parents are unable to provide the contribution we determine. Please contact a financial aid advisor if you have questions regarding your dependency status.

**Do You Meet the NU-Independent Status Criteria?**

**You must have been entirely *self-supporting by employment* for at least 30 months prior to matriculation at Northwestern University to be classified NU-Independent.**

- Self-support typically requires gross earnings of at least \$2,200/month if you are single or \$3,500/month if you are married.
  - Self-support CANNOT include earnings from investments, trust funds, or any other assets.
  - The \$2,200/month figure may vary slightly depending on the cost-of-living of the area in which you live.
- The 30 months of self-support do not need to be consecutive, nor do they need to be the 30 months immediately prior to matriculation.
- Periods of employment during your undergraduate education (including summer employment) may not be counted toward the 30 months of self-support.

☞ *If you do not satisfy the above criteria, you are **NU-Dependent**. You do not need to submit this worksheet.*

☞ *If you believe you satisfy the above criteria, your request for NU-Independent status begins with this worksheet.*
